

Parent/Student Handbook

2005 - 2006

This handbook highlights important rules and regulations. An entire policy manual may be reviewed at the school and district offices.

Please check the boxes below to indicate your approval.

- I have received and read the District 67 Parent/Student Handbook for the 2005-2006 school year.
- I understand that the District 67 current annual budget is posted on the district's Internet web site.
- Parents and/or eligible students may, through this notice, opt out of:
 - Collection, disclosure, or use of personal information for marketing, sales or other distribution (*see* pages 21, 23 of this Handbook).
 - Administration of any protected information survey not funded in whole or part by the U.S. Department of Education.
 - Any non-emergency, invasive physical examination or screening as described in the handbook.

The State of Illinois budgets funds each year to provide for the purchase of one textbook for students at various grade levels. These funds are made available on a rotating basis, approximately three grade levels per year. In order to obtain a free textbook per child, the District must have documentation that a parent has requested the textbook. By checking the statement below, you will fulfill this requirement. If you have any further questions about this matter, please call the Building Principal.

- I wish a free textbook to be ordered for the school per the Illinois School Textbook Program.
- I give permission for my child to be transported between District 67 schools by District 67 buses for educational or recreational programs, as well as in the event of any emergency.
